### TAKE-OUT ORDER FORM INSTRUCTIONS

The purpose of this form is to help larger groups (offices, etc.) get take-out orders more conveniently. Of course, the most convenient way to pick-up an order is by placing an online order. If you decide not to use our online ordering platform, then each person in the group must fill out his/her own form. When the person picking up the order arrives at the restaurant, he/she should go directly to the cashier and present the forms. You do not have to wait in line! Our crew will work to prepare your meals as quickly as possible while simultaneously serving other customers. One form of payment, please.
